## **Students bid to name Logan parkland**

Dedication plaque to be displayed commemorating the students' efforts

**Brisbane – 20 June 2017** – Local primary school students are being offered the chance to name a new park at Brookhaven, a major masterplanned community under way at Logan by Frasers Property Australia.

The national developer has opened the competition to all primary schools in the Logan City Council catchment area with a \$1,000 prize on offer for the school with the winning entry.

The winning school will also earn a dedication plaque to be displayed in the park, commemorating the students' efforts.

Construction of the 7,500sqm park, which will become the centrepiece for the 1,500 lot Brookhaven community at Bahrs Scrub, will begin in August.

Frasers Property Australia's Queensland Residential General Manager Cameron Leggatt said the naming campaign is a great way to bring into focus new open space planned for the local community.

"The involvement of local schools in the naming process will hopefully make the residents and broader community feel a part of Brookhaven," Mr Leggatt said.

"We're also about creating active communities, so this is a wonderful platform to encourage local children to engage with the broad range of outdoor amenities we are providing at Brookhaven."

City of Logan Mayor, Luke Smith, said the new park would be a welcome addition to Logan's extensive network of parks.

"We have over 900 parks across Logan and residents rate our green spaces as one of the city's best assets," Mayor Smith said.

"This new park will become a highly valued public space as the Brookhaven community grows around it so we can't wait to see it come to life."

Councillor Laurie Koranski is an ardent supporter of local businesses and is an advocate for creating and fostering a positive sense of community within the city.

"It is commendable to see an established property developer reinvigorating the Logan region, creating a neighbourly environment and involving the wider community in the process," Cr Koranski said.

"The proposed parkland is a great contribution to the city and will, without a doubt, be enjoyed by many."

The parkland will include picnic structures, green kickabout spaces, separate playgrounds for 4-plus and 8-plus age groups and retained nature play areas.

It will also feature fitness equipment, a half-court basketball court and an amphitheatre that can host local community events.

The Green Building Council of Australia has stamped Brookhaven with a 5 Star Green Star Communities rating which represents Australian Excellence in masterplanning in the areas of governance, liveability, economic prosperity, environment and innovation.

Brookhaven is the first development in Logan City to have achieved this rating.

Construction of the new park is set to begin in August and will be completed in time for the first residents moving into their new homes later this year.

The thriving development has just launched its latest release, Middle Ridge Release 2, a collection of 36 lots ranging from 300sqm to 595sqm with land selling from \$179,000.

Frasers Property Australia is committed to delivering a sustainable, thriving community within this exciting landscape.
