Moody's Upgrades FCOT's Issuer Rating to Baa2

Singapore, 25 April 2016 – Frasers Centrepoint Asset Management (Commercial) Ltd. (the "**Company**"), as the Manager of Frasers Commercial Trust ("**FCOT**"), is pleased to announce that Moody's Investors Service ("**Moody's**") has upgraded the issuer rating of FCOT from Baa3 to Baa2 with a stable outlook today.

In Moody's press release made today, the upgrade reflects the sustained strengthening of FCOT's financial profile, driven by its prudent financial management and healthy operating performance. The rating also takes into account FCOT's improvement in leverage ratio, interest cover ratio, contribution from 357 Collins Street which was acquired in August 2015 and built-in step up rental arrangements in the portfolio. The positioning of the trust's asset and its manageable lease expiry profile will partially mitigate risks in the current challenging office leasing environment in Singapore and Australia, where FCOT's assets are located.

The stable outlook reflects Moody's expectation of predictable cash generation from FCOT's properties, supported in turn by steady occupancy and manageable lease expiries.
